I understand that SWAG uses moving and still images of activities and publishes these on the web and on paper as a part of their regular activities. I have no objection to SWAG using such images on the understanding that no personal information is attached. I also understand that my son's first name and initials may be used in publications and on the web pages and that the use of such is for the purposes of encouraging the boys in their enjoyment of SWAG and the dispersal of information to parents and related SWAG participants.
